

Bb Blues

Nellie McKay

Turn off all the lights, cannot stand the sunrise
Turn off all the lights, turn away my little honey pie
Give me back my sweet change, give me back my time
What have I done

Since I've wrapped my arms around you
I wish I'd never seen the sun

Gather up my heart, take it from the window
Gather up my heart, let me drift within my limbo
Give me back my heartache, give me back my home
What have I done

Since I've wrapped my arms around you
I wish I'd never seen the sun

Since I've wrapped my arms around you
I wish I'd never seen the sun
