

# Bluebird

Nellie McKay

Bluebird  
Bring back my happiness  
And see me through  
This clouded hour

Bluebird  
On wings of loveliness  
Carry me to a field  
In flower

Thunder  
Comes roaring up inside  
I see a purple tide  
And shadows weigh me

Bluebird  
I wait with tenderness  
So bring his love  
To me

Bluebird  
Bring back my loneliness  
And see me through  
This crowded hour

Bluebird  
Where once was hopefulness  
This heart has [Incomprehensible]  
[Incomprehensible]

Culture  
Carries me in its swell  
I see the faces well  
Too well for a dream

Bluebird  
Bring back my happiness  
Oh, bring his loving heart  
To me
