

## Send Me No Flowers

Nellie McKay

Send me no flowers  
Send me no flowers  
Just want your arms around me  
Your ever lovin' arms around me  
You sent me flowers and a 'Get well' card  
After you had broken my heart

Violets that were blue  
Reminded me you'd never be true  
So send me no flowers  
Don't need any flowers  
Because your kissin', baby  
Is what I'm missin', baby

When I'm at home, all alone  
You don't even bother, bother to phone  
A little affection sometimes  
Will sooth this heart of mine  
But you send me flowers  
To ease my lonely hours

Send me no flowers  
Don't need any flowers  
Just need your kissin', baby  
And I don't mean maybe, baby

Send me no flowers, baby  
Don't need any flowers, baby  
I need affection sometimes  
To sooth this heart of mine

Send me no flowers, baby  
Don't need any flowers, baby  
I need affection sometimes  
To sooth this heart of mine

Send me no flowers, baby  
Don't need any flowers, baby  
I need affection sometimes  
To sooth this heart of mine
