

## Circles

Nelly Furtado

The day is getting late  
It's a lot to take  
Looking at your face  
It hides nothing  
Emotions are recycled  
I open the window  
I don't know about you  
But I'm feeling stifled

Then I get just a glimpse  
I see where our love is  
Please look into my eyes  
Baby you gotta try to

Dial into me  
Dial into me  
Dial into me  
Dial into me  
Don't talk in circles

You don't know what to say  
How did we get this way  
It's like we just press play  
And run on automatic (it gets so static)  
I can barely breathe  
You're filling up with steam  
You say it's about me  
But I'm just setting boundaries

Then I see a bright light  
I see it's worth the fight  
I know we'll get it right  
Baby our love can shine if you

Dial into me  
Dial into me  
Dial into me  
Dial into me  
Don't walk in circles

We're after the same things  
Bursting at the same seams  
I cannot carry the whole load here  
No I can't tell you what that means  
I'm gonna carry my load  
If you promise not to take your eyes off me  
Don't take your eyes off me  
Don't take your eyes off me  
Let's break the circle
