

Glow

Nelly Furtado

Make me glow, glow, glow, glow
How far can you go?
Make me glow, glow, glow, glow
How far can you go?
Make me glow, glow, glow, glow
Only you know how to make me
Glow, glow, glow, glow
I wanna go, and go, and go, and go

People say I've gone crazy ('cause I'm around him)
That I'm not the same lady ('cause I'm around him)
People say my eyes are hazy ('cause I'm around him)
People say I'm acting shady (when I am around you)
But I'd rather be your baby
Than sit around and do the same things (same things)
I am getting something out of it
I'm indebted to your good shit

Make me glow...

I don't know where I am
I don't know what you did
But I think that I may float away
I don't know what happened
I don't know where we went
But I think that I may die today
There's everybody else and then there's you
Baby, why you gotta be so good?
And tonight you're on fire (so come around me)
I'm gonna never get tired

Make me glow...

I don't gotta tell you what to do 'cause you're on it
I don't gotta let you in my world 'cause you rock it
I don't gotta tell you what to do 'cause you're on it
I don't gotta let you in my world 'cause you rock it
You rock it, you rock it, you rock it

Make me glow...
