

# Pipe Dreams

Nelly Furtado

Don't sell me no pipe dreams  
I wanna live with you through everything  
Don't sell me no pipe dreams  
I wanna live in a kaleidoscope  
Don't sell me no pipe dreams  
Will I be the one to spin the wheel?

I know that we can only give  
When we have hope  
Though don't wanna live  
Without any goals  
Can't protect me from nothing  
Can't save me from the truth  
You can't even save me from  
You

Don't sell me no pipe dreams  
I wanna feel the good and vile in everything  
Even when it hurts, even when it hurts

I know that we can only give  
When we got a little hope  
But I don't like the burden  
Of living with these goals  
Yes I will hold my head high  
When I walk in your parade  
But I will always check my gates  
I will always watch my gates

Pipe dreams  
Pipe dreams  
Pipe dreams  
Pipe dreams

If I can't really know you would rather walk on (Pipe dreams)  
If I can't really know you would rather walk on  
If I can't really know you would rather walk on (Pipe dreams)  
Walk on, walk on

If I can't really know you would rather walk on (Pipe dreams)  
If I can't really know you would rather walk on  
If I can't really know you would rather walk on (Pipe dreams)  
Walk on, walk on

If I can't really know you would rather walk on (Pipe dreams)  
If I can't really know you would rather walk on  
If I can't really know you would rather walk on (Pipe dreams)  
Walk on, walk on

If I can't really know you would rather walk on (Pipe dreams)  
If I can't really know you would rather walk on  
If I can't really know you would rather walk on (Pipe dreams)  
Walk on, walk on
