

The Gank

Nelly

Come on
Wooooooooooooo

Shit Lord have mercy

I never felt this way before
And she's all that I need and more
Her hips and lips belong to me
It often wakes me write out my dreams
If I knew then wat I knew now
She's still might be around because

I (I) can't go on
Oh No
I tell you what am I gonna do now (Hey)
Without her
My life just won't (it won't) be the same
I tell you what am I gonna do now (Hey)
Without
Wooooooooooooo

Shit Lord have mercy

I never thought that I would be
So caught up I wouldnt see
Just who would go to war for me
And take out two or three so easily
I give up everything to see if I found you (baby girl)
Cause it don't mean shit without you cause

I (I) can't go on
Oh no
I tell you what am I gonna do now (Hey)
Without her (without)
My life just won't (it won't) be the same
I tell you what am I gonna do now (Hey)
Without
Wooooooooooooo

Shit Lord have mercy

I gave her everything she ever needed
That why it shocked me when she said she was leavin
i wanted to find out what was goin on cause
I'm thinkin to myself man somethins wrong
Smokin one day it hit me kinda fast
That I needed to check my stash

I (I) can't go on
Oh no
I tell you what am I gonna do now (Hey)
Without her (without her)
My life just won't (it won't) be the same
I tell you what am I gonna do now (Hey)
Without
cause I
I (I) can't go on

Oh no
I tell you what am I gonna do now (Hey)
Without her (without her)
My life just won't (it won't) be the same
