

Hangin' on You

Nena

You've got me hangin' on you
So bad, hangin' on you
Way back far behind
You've got me hangin' on you
So bad, hangin' on you
All tied up, there's no gettin' loose on my own

No way, no chance today
I'm running for my own life
I wait for a year to go by

You've got me hangin' on you
So bad, hangin' on you
I can see you clearly next to me
You've got me hangin' on you
So bad, hangin' on you
And I'm gonna pull you in

No way, no chance today
I'm running for my own life
I wait for a year to go by
