

Outré Risqué Locomotive

Neneh Cherry

When you dance all night giving it all you got,
And you cover me in your body sweat
Like liquid honey, your kiss is so sweet
You're my fantasy.
Oh won't you stay with me.

You're driving me wild.
You're driving me crazy
Baby,
You are outr? risqu? locomotive, driving me crazy.
Baby baby,
You're a super static automative, crazy or lazy.

I know the flesh is weak,
I pray my soul to keep providing me with dignity.
My body's clean but my mind is so bad
If you want some of this
You've got to be my man, don't you see.

You're driving me wild.
You're driving me crazy (baby)
Baby,
You are outr? risqu? locomotive, driving me crazy.
Baby, baby,
You're a super static automative, crazy or lazy.

Hey boy your love is kicking
No I think your love is dope
What am I gonna do when the night is through?
I got an obsession and you know that's you
Punping in my body, driving me crazy
In a dry land you're like an oasis
Making me hot, making me lazy - you amaze me.

So you be the train and I'll be the track
You turn me into a mono maniac
There ain't no stopping me when I go off
I don't show off, I need to cool off
My body's pullin' me in each and everyday
Coca cola kool aid wet my whistle baby, baby, baby

Everyone's looking for a true love
Everyone's looking for a true love
For the true love

Baby,
You are outr? risqu? locomotive, driving me crazy.
Baby, baby,
You're a super static automative, crazy or lazy.

I make sure to preserve what I have
My body's clean but my mind is bad
You know some girls and boys it's sad
Lost their love and all they had
Layin' layin' down all the time
Layin' layin' down on the ground
Being better known as a doormat

Hey what kinda life is that
So climb into my head
Let's do the dirty
You wanna go to bed
Don't get shirty
The answer is no, 'cause your love is dope
Can't you see it's not that I won't, just wait, just wait

Baby,
You are outr? risqu? locomotive, driving me crazy.
Baby, baby,
You're a super static automative, crazy or lazy.

Baby,
You are outr? risqu? locomotive, driving me crazy.
Baby, baby,
You're a super static automative, crazy or lazy...
