Neon Hitch

Oh Oh (3x)

I say yes but I mean no
I say I do but I mean I don't
I ask why but I don't know
Why does wrong feel right ?

I feel my back is breakin'
I feel my shoulders achin'
Laying on a soft pillow but
I can't get no sleep

It's wrong but I'm a dreamer, a dreamer
I just need love to get me right, get me right
So when it's all wrong gotta be a dreamer, a dreamer
You just need love to get you right, get you right

It's wrong but it feels right
I get knocked down but I still fight
I'm dark but still bright
Why does wrong feel right ?

I feel my back is breakin'
I feel my shoulders achin'
Laying on a soft pillow but
I can't get no sleep

It's wrong but I'm a dreamer, a dreamer
I just need love to get me right, get me right
So when it's all wrong gotta be a dreamer, a dreamer
You just need love to get you right, get you right

Oh Oh (3x)

Wrong feels right (5x)

It's wrong but I'm a dreamer, a dreamer
I just need love to get me right, get me right
So when it's all wrong gotta be a dreamer, a dreamer
You just need love to get you right, get you right
