

## 6669 (I Don't Know If You Know)

Neon Indian

Limitless weight held by a single strand  
But you wouldn't understand  
But you wouldn't understand

Old soul  
I don't know if you know  
I don't know if you know  
Or didn't show

Everything comes apart if you find the strand  
All it takes is a hand  
All it takes is a hand

Old soul  
I don't know if you know  
I don't know if you know  
Or didn't show
