

# Louder

## Neon Jungle

Stepping outside my head,  
I don't wanna hear what you say.

I don't wanna fall down flights of stairs.  
Trip wires everywhere.

I'm climbing  
Tryna get from under you.  
If you ask me back I'll go.  
I need distractions.

So pull every pin from every grenade,  
And blow it all up my face.

Make everything louder,  
Do it till my skin vibrates.  
Make everything louder,  
I wanna hear my eardrums quake.

More volts in the system,  
Drown out the symptoms.  
Everything louder, louder,  
I don't wanna listen just feel it, feel it,  
Louder, louder.

Put me in a soundproof room,  
A million miles from you.

My ears would still be bleeding,  
Shards of noise still seeping through.  
I wish I couldn't hear you.

So pull every pin from every grenade,  
And pull it all up my face.

Make everything louder,  
Do it my skin vibrates.  
Make everything louder,  
I wanna hear my eardrums quake.

More volts in the system.  
Drown out the symptoms.  
Everything louder, louder.  
I don't wanna listen just feel it, feel it.  
Louder, louder.

You got the power, you got the power,  
You know the words that work.  
You know the words that work on me.

You got the power (you got the power)  
You got the power (yeah you got the power)  
You know the words that work,  
You know the words that work on me  
(that work on me, that work on me)

Make everything louder,

Do it my skin vibrates.  
Make everything louder,  
I wanna hear my eardrums quake.

More volts in the system.  
Drown out the symptoms.  
Everything louder, louder.  
I don't wanna listen just feel it, feel it.  
Everything louder, louder.  
Louder, louder.  
Louder, louder.  
Louder, louder ( break br-br-break it)  
Louder, louder (power)  
Louder, louder.
