

Lessons In Love (All Day, All Night)

Neon Trees

1. When you walk my way, I feel the rush come over me - a sharp
panic, panic

It's the things you say that makes the rush come over me - it
happens all the time

X1: I never was too good at following the rules - no, no
I'm better just pretending I was the fool

R: All day, all night, I got the lights in my eyes and I'm fall
ing for you

Keep cool, stay tough but that's never enough and these are
the lessons in love

All day, all night, I got the lights in my eyes and I'm fall
ing for you

Keep cool, stay young - I'm just having my fun with the less
ons in love

2. If I walk away, I feel a push inside of me that won't let me
leave

But what could I say for you to feel what's inside of me? Th
is happens all the time

X2: I never was too good at following the rules - no, no
I'm better just pretending I was the fool - hear me out

R: All day, all night...

*: I'm only lonely when the lights are on
I want the same rush over and over and over and over
All day, all night, I got the lights in my eyes
All day, all night, I got the lights in my eyes

R: All day, all night...
