

# Moving in the Dark

Neon Trees

Started in the morning  
My head was getting hazy  
Couldn't keep my feet on the ground

She was makin' love to the  
Mirror in the bathroom  
Didn't hear me talkin' out loud

Bubblegum, lipstick  
Baby's got me nervous  
Something's got a hold of my feet  
You just wanna go  
Where your problems won't follow  
Baby that's okay with me

Set fire with just a little spark  
That's how it goes when you're  
Moving in the dark

Set fire with just a little spark  
That's how it goes when you're  
Moving in the dark

Got no money still  
Ain't that cool  
I'm the little punker  
Who's kissin' you  
Forget what you heard  
About modern love  
She's still in the mirror  
Honey, fixin' her mug and I'm like

Set fire with just a little spark  
That's how it goes when you're  
Moving in the dark

Live fast, it's a feeling not an art  
Just how it goes when you're  
Moving in the dark

Kids kiss, statuesque out in the street  
I don't really wanna be a part of your scene  
Messed up, all the same, kids in my city  
It's less about what you say  
And more looking pretty and I'm like

Set fire with just a little spark  
That's how it goes when you're  
Moving in the dark

Live fast, it's a feeling not an art  
Just how it goes when you're  
Moving in the dark
