

Our War

Neon Trees

1. I've been walking 'round for hours
Holding onto stems of flowers
My chest is feeling
All your pain
As it began to rain
And now the end has come to this
The little victories I'll miss
Of everything we'd overcome
And all that's said and done

R: I'm leaving our war behind
Life can go on without you
I'm leaving our war behind
The night that I leave town

2. The walls that you
Helped me take down
Are only getting taller now
And I've even forgotten how
To stand on my
Two feet
I wanna say 'I'm on my own'
And happier to be alone
But everything I do alone
Every bit of you

R: I'm leaving our war behind...

*: All my life
It's always the same thing
All my life
It's always the same thing
All my life
It's always the same thing
It's always the same
It's always the same
It's always the same thing
