

# Defending The Faith

Nerf Herder

Long ago, we watched the videos  
On Headbanger's Ball  
That's where we learned it all

Wearing Spandex pants  
Six-string Lasers in their hands  
Synchronizing Guitars  
They laid out the master plan

Defending the faith  
Keep fighting forever  
Fighting so long. Fighting so hard.  
Victory will be ours.

Defending the faith  
We'll never surrender  
Fighting so long. Fighting so hard.  
Marching into the future.

Sitting on our bed  
Hair helmets on our heads.  
Got no time for chicks  
We're practicing our licks.

We come from Albany  
Anchorage, and Milwaukee  
Toledo, Bowling Green,  
All wanting the same dream

Defending the faith  
Keep fighting forever.  
Fighting so long. Fighting so hard.  
Victory will be ours.

Defending the faith.  
We'll never surrender.  
Fighting so long. Fighting so hard.  
Marching into the future.

Now I'm a man.  
I'm playing in band.  
We drive around the world  
In our rental van

We're coming to your town  
To help you party down  
But we'll be gone tomorrow night  
Because we'll never stop the fight

Defending the faith  
Keep fighting forever.  
Fighting so long. Fighting so hard.  
Victory will be ours.

Defending the faith.  
We'll never surrender.  
Fighting so long. Fighting so hard.

Forcing into the future.
