

Jenna Bush Army

Nerf Herder

There's a new leader in the land,
With a platform that I understand,
I saw her face in the magazine,
She looks hot in her tight jeans,

Keep marching on
A solider of love,
Jenna bush army,
You can't stop her!
Jenna bush army,

She's got the brains and the looks that kill,
Want to see her butt on a ten dollar bill,
Ready your vote for her ballot box,
You've got to admit it, she's a fox,

Keep marching on,
Soldier of love,
Jenna bush army,
You can't stop her!
Jenna bush army,

I don't care who blows up the world,
I only care about that girl,
Men of America, storm the election,
When in doubt follow your erection,
Call up your congressman and I say quote,
"sir I'm horny and I vote",
Come ye rally round the flag,
If you don't like her you must be a fag!

Jenna bush army,
Jenna bush army,
Jenna bush
