

When the puzzle connects  
It's like you never forget  
The way it's got to be  
It's nobody's concern  
Cause they don't know how it burns  
When you're not here with me, whoa  
So wrap my wrong in the sky  
Cause I can never deny this feeling  
How can I ever stop  
When I don't wanna give up up up up up,

This is my reason, reason, reason  
This is my reason, reason, reason  
This is my reason, reason, reason  
This is my reason, reason, reason

Cause I get you, cause I get you  
And you get me, and you get me  
It's that simple, it's that simple  
Don't matter where we are  
The feeling never stops

When the puzzle connects  
It's like you never forget  
The way it's got to be  
It's nobody's concern  
Cause they don't know how it burns  
When you're not here with me, whoa  
So wrap my wrong in the sky  
Cause I can never deny this feeling  
How can I ever stop  
When I don't wanna give up up up up up,

This is my reason, reason, reason  
This is my reason, reason, reason  
This is my reason, reason, reason  
This is my reason, reason, reason
