

Time of Death

Nervosa

Civil war, internal chaos
The city is dominated
People flee, people die
Guilty and innocent
In a place without opportunities
In a place without hope
We can only wait for death

Threatening reaction
Threatening respect
Cause an extremely keen sense of vengeance
Time of death
Time of death

Real life, real situation
Critical mind, critical obliteration
Real life, real situation
Critical mind, critical oblietarion

Insanely disturbing reality
Feeding a big freak show

Time of death
Time of death
Time of death
Time of death
