

## Claw and Fang

Nest

In death comes survival.  
In survival comes death.

I am too intent on dealing death,  
To evade it.

Regardless of the actions of some of our brethren,  
These are not weapons,  
But tools, and for a purpose.

Yes, they are meant to kill.  
That much is obvious, for they are our survival.

These are not weapons,  
But tools, and for a purpose...
