

A Separate Way

Neurotech

Find your way

We came to the end
Out of faith
Out of last
Sentiment

We came out of place
Out of hate
Out of fate
Just emptiness

I have come to taste
Path of hollow
I have come to taste
Path of sorrow
Where do you want me to go

Let me know

It's time to go now
Don't you stay
Turn around when life puts you down

You are in control now
Don't you wait
Let life find a separate way

We came to the end
Without pain
Without lust
Sentiment

We came to the phase
Full of faith
And complete
Indifference

I have come to taste
Path of hollow
I have come to taste
Path of sorrow
Where do you want me to go

Let me know

It's time to go now
Don't you stay
Turn around when life puts you down

You are in control now
Don't you wait
Let life find a separate way

Find your way

It's over now

I've come to this
There's a world out there
For me to know

It's time to go now
Don't you stay
Turn around when life puts you down

You are in control now
Don't you wait
Let life find a separate way

You are in control
