There's a new time coming
There's not need for power to stay

A new day is dawning I am ready for the separate way

But,

Is the sunrise coming I wanted to know
Is the sunrise coming The question must go

Never felt anything like this before For another time For another day I have opened the door

But,

Is the sunrise coming I wanted to know
Is the sunrise coming The question must go

Is the sunrise coming I wanted to know
Is the sunrise coming I beg you to go

I beg you to go

Waiting,
Waiting for,
A perfect sunrise

Is the sunrise coming
Is the sunrise coming
Is it finally coming to me ?

Is the sunrise coming I wanted to know
Is the sunrise coming The question must go

Is the sunrise coming I wanted to know
Is the sunrise coming I beg you to go

I beg you to go
