

Six Feet Under

Neurotic Outsiders

I wanna swim the world
I'm gonna get that girl
I wanna be your ??
That can see through ??
I got no time to waste
I'm gonna blow this place
I got a nasty itch
My love's still rich

Now you know I'm here to stay
And as I find my way, now you know...
I'll live another day

I'll put your mind to ??
I'll make your doggy stay
I'm gonna climb a tree
It's just that fuckin' easy
My love was so much more
?? knockin' at your door
I got an evil eye
That makes me wonder why

Now you know I'm here to stay
And as I find my way, now you know...
I'll live another day

Things are so much clearer
Second time around
The view is so much better... than from
Six feet under ground

?? ?? ?? ?? ?? ?? ??
Don't wait from ?? ?? ?? ??
You can't escape the past
You met your match at last
You ?? thought of me
?? ?? ?? ?? ?? ?? ??
You see me making a stand
Ain't life so fuckin' grand?

Now you know I'm here to stay
And as I find my way, now you know...
I'll live another day

Things are so much clearer
Second time around
The view is so much better... than from
Six feet under ground

Things are so much clearer
Second time around
The view is so much better... than from
Six feet under ground
