

And I feel we're getting faster
And there's nothing more to say
If I'm the slave, then you're the master
And I'm not the one to choose the way
And it really kicks my head
Rips me up and makes me sad
Sending shiver down on me
Expressing velocity

And you say it's not important
From where I come and where I go
It's just the game of risking fortune
Like you always told me so
And it really kicks my head
Rips me up and makes me sad
Sending shiver down on me
Expressing velocity

You say delay is for the others
And there's a need of getting fast
And I don't want to go away further
I don't want to be the last

And it really kicks my head
Rips me up and makes me sad
Sending shiver down on me
Expressing velocity
All I want is not for me
All I need I cannot be
Sending shiver down on me
Expressing velocity
