

Yellow Datsun

Neva Dinova

well this sickness hasn't left
hasn't left me, don't know why.
if my health does not come back
i'm gonna die.

here comes my ride,
its not that fast and i know why.
cause my friends don't drive the benz
they drive them yellow datsun.

hey, lady, please don't
make me the fool.
I'm wearing sleeves on my heart for you.

i ain't gonna live
and i think that doc knows why.
i got morphine in my skin
i got some stars in my eyes.
i got morphine in my sleeves
got some stars in my eyes.

hey, lady, please don't
make me the fool.
cause jerry's kids been bettin'
on this information they got from you.

well i ain't gonna live
but i'll race you to the sun.
i can't loose, i'm gonna win
i'm in my yellow datsun.
I won't loose, i'm gonna win
i'm in my yellow datsun.
