Never Heard of It

Why don't you tell me
How you feel about me
Cause I think I feel the
Same way about you
Why don't we just get together
I wanna be with you forever
I've always loved you ever
Since the first day that I met you
We were the best of friends
But I want something more
I plan on telling you every time
I show up at your door
I see the way you look at me sometimes
And I fantasize about you at night
And when I wake up and it's just a dream
I feel so sad and incomplete
You're like the car I can't afford
When I'm with you I'm never bored
The girl I never had but knew
That I can spend my life with you
Believe you me
It's you I see
I close my eyes you're here with me
I wake up sleeping next to you
And baby if I had the time
And dreams came true
I'd be with you tonight
Baby you will find that
I'm so in love with you
