

# If You Wanna Dance

## Never Heard of It

I'm back in California  
Remember when we used to  
Spend those summer nights together  
La Jolla shores were breaking  
You were so cold and shaking  
I'd hold you  
So close to me

And if you wanna dance  
I'll take you by the hand  
And I, I would lead  
Pumping in the sand  
Underneath the sunset  
Tonight it's you and me  
I'll take you back  
To how it used to be  
I'll take you back  
Tonight it's you and me

I hear now that you're taken  
Maybe just for tonight I'll steal you from him  
Make up something  
We'll spend the whole night laughing  
I'll take you to the place where we first met  
Where we first kissed

And if you wanna dance  
I'll take you by the hand  
And I, I would lead  
Pumping in the sand  
Underneath the sunset  
Tonight it's you and me  
I'll take you back  
To how it used to be  
I'll take you back  
Tonight

And if you wanna dance  
I'll take you by the hand  
And I, I will lead

Pumping in the sand  
Underneath the sunset  
Tonight it's you and me  
I'll take you back  
To how it used to be  
I'll take you back  
Tonight it's you and me

I'll take you back  
Take you back  
To how it used to be  
I'll take you back  
Take you back  
Tonight
