

You And I Both Know

Never Heard of It

As difficult as this may be
I'm sending out my voice to let you be
It takes time
We'll heal these wounds I swear I'll call
But right now we just need some time

You and I both know
You and I both know
I'll come back for you when we're ready, baby
You and I both know
I'm leaving but you know
I'll be there for you when you're ready, baby

Assumptions made between us both have brought us down
And it's tearing us apart for now
I swear I'll call, but right now we just need some space to breathe
Some time to think
Some time to think, girl

You and I both know
You and I both know
I'll come back for you when we're ready, baby
You and I both know
I'm leaving but you know
I'll be there for you when you're ready, baby

It is what it is
We are who we are
We've known it from the start
And what we never know is hard
It is what it is
We are who we are

You and I both know
You and I both know
I'll come back for you when we're ready, baby
You and I both know
I'm leaving but you know
I'll be there for you when you're ready, baby
