Damn Dog

Never Shout Never

I can't believe that I could believe that I can't believe you left me for dead man

Cause I called you my friend
My best friend at that
I know that I'm loud man
But give me another chance
I promise to keep this damn snout shut for you
But only for you
Cause I love you

I should've seen the boredom in your eyes You dropped me off and you said your goodbyes

Cause dad I called you my friend My best friend at that I know that I'm loud man

But give me another chance
I promise to keep this damn snout shut for you
But only for you
Cause I loved you

I saw man on the side of the road He said take my hand, that man threw me a bone

Cause one man's trash is another man's treasure
The way that he made me feel was better then ever
He told me he loved me
He meant it forever

I love him cause he loves me
And all I've ever wanted was to feel love
