

Lovesick

Never Shout Never

Dear, I wrote you a song
Despite the fact you did me wrong
And dear, I don't know
What the hell is going on with you
But something ain't right

You tell me that you love me
Then you go and leave me
Why you do this to me, baby?
I'm lovesick

I just can't eat, just can't sleep
Can't do much of anything at all
'Cause I'm sick and in love with you, dear

Dear, I wrote you this song
In hope that you would sing along
And dear, I've been working my ass off for you
'Cause something ain't right

You tell me that you love me
Then you go and leave me
Why you do this to me, baby?
I'm love, ooh, ooh, sick

I just can't eat, just can't sleep
Can't do much of anything at all
'Cause I'm sick and in love, oh

You tell me that you love me
Then you go and leave me
Why you do this to me, baby?
I'm lovesick

I just can't eat, just can't sleep
Can't do much of anything at all
'Cause I'm sick and in love with you, dear
