

## New Sound

### Never Shout Never

Everybody's hearing the new sound old school's coming back around.

Hop into the mystery bus let's go, forget everything you think you know.

Kids are dancing to rock and roll they got the rhythm the got the flow.

Take me to the place my soul resides, it don't matter if it's wrong or right.

You can find me kicking dirt on the north side of town in a two dollar t-shirt

Living life which you can't see give it all away to fuck with me.

Nobody knows, nobody knows what they've got.

Until it's gone...

Gone...

Gone...

Yeah.

Everybody's hearing the new sound the social ladder is breaking down.

Everybody is seeing eye to eye... at least

I'd like to think they're trying.

The kids are acting like Rolling Stones, leaving home with nowhere to go.

Hop into the mystery bus let's ride, it don't matter if it's wrong or right.

You can find me kicking dirt on the north side of town in a two dollar t-shirt

Living life which you can't see, give it all away to fuck with me.

Nobody knows, nobody knows what they've got.

Until it's gone...

Gone...

Gone...

Yeah.

Everybody is hearing the new sound, old school's coming back around.

I can hear it now... hey hey... hey hey... hey hey.

I can hear it now... hey hey... hey hey... hey hey
