

You can't measure love
It has no start
It has no end
Ask me what I mean
There's no in between
There's only you and I

Silver ecstasy
You you gave it to me
Wasted so much time
Saying goodbye
Searching for you and I

No one else
Ever loved me like you did
No one else
Ever gave me such a thrill
No one else
Ever love me like you did
Oh oh you did
Oh oh you did

You and I will always be together
Will be together
You you and I will always be together

No one else
Ever loved me like you did
No one else
Ever gave me such a thrill
No one else
Ever love me like you did
Oh oh you did
Oh oh you did
