## Cenotaph

## **Nevermore**

Foreboding fear trickles down the spine
Into the pool, resonating
Behind the wall the dreamer lies in velvet sleep
She must be still, never make a sound

Awake. . . . . . awaken the dreamer

Awake. . . . . awaken

Awake. . . . . awaken the dreamer

Awake. . . . . . where are you my love?

We build our walls around our games We decompose, dreamers never really die She lies unknown, the cenotaph in her name

Awake. . . . . . awaken the dreamer

Awake. . . . . . awaken

Awake. . . . . awaken the dreamer

Awake. . . . . . where are you my love?

She lies unknown

She lies unknown

She lies unknown

She lies unknown

She hides
