

# I Am the Dog

Nevermore

The darkwave came again last night.  
I want it all to end, I want the world to end

Every night the dream is the same  
I sit here waiting for the world to end but it never ends  
And everything I used to be has spiraled into insanity  
Every night I sweat and bleed in her name

The darkwave comes, sanity slips away  
She screams from the alcove I am the dog

She was born in the year of the dog  
She never would betray the world I never saw  
Blinded eyes that never see shattered into infinity  
Every night the dream is the same

The darkwave comes, sanity slips away  
She screams from the alcove I am the dog

Every night the dream is the same  
I suffer wading through the endless waves of empty disdain  
And everything I used to be has spiraled into insanity  
Every night I sweat and bleed in her name

The darkwave comes, sanity slips away  
She screams from the alcove  
The darkwave comes, sanity slips away  
She screams from the alcove "I am the dog
