

And There She Goes

Neverstore

There she goes in the rain
Wonder if she'll ever look at me the same
Never meant to say those words
Come back let me explain
I am calm, I am sane
I've got an awful lot to say
I know I failed you but I don't
Don't wanna throw it all away

Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry

Oh, I'm a mess, I can't think
My apartment's full of leftovers to drink
Only been a couple of days, already caving in
I am calm, I am sane
I've got an awful lot to say
I know I failed you but I don't
Don't wanna throw it all away

Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry
Let me say I'm sorry
