

# Count Me Out

Neverstore

Down too deep  
Can't get out  
So damn weak  
Count me out  
Down to deep  
Can't get out  
I'm so damn weak

What's that sound? Someone's around!  
I've got a headache and I'm losing my mind  
Fell off a cliff ten floors high  
I'm screaming 'cuz I don't wanna die  
Ending up doing the same mistakes again  
A familiar feeling, I've been here before

Down too deep  
Can't get out  
So damn weak  
Count me out  
Down to deep  
Can't get out  
I'm so damn weak

Count me out

Crashing down hard on the ground  
Oh my god I've gone blind  
Could it be I'm facing a wall  
Colored by nothing at all  
All burned out I can't take it anymore  
I swear it's my last time  
I don't want it no more

Down too deep  
Can't get out  
So damn weak  
Count me out  
Down to deep  
Can't get out  
I'm so damn weak

Count me out

Down too deep  
Can't get out  
So damn weak  
Count me out  
Down to deep  
Can't get out  
I'm so damn weak

Yeah!

Count me out  
Count me out  
Count me out
