

# Hold On

Neverstore

I sing now for all of you  
With no one to hold on to  
For all the broken hearts out there  
Waiting for someone to be near

Hold on  
Hold on  
For all the broken hearts out there

Long day, come home, silent welcome  
Empty bedroom, wake up alone

It haven't always been this way  
Memories stuck from yesterday's  
A colour deep inside of me  
This isn't who I wanna be

I sing now for all of you  
With no one to hold on to  
For all the broken hearts out there  
Waiting for someone to be near

Hold on (hold on)  
Hold on (hold on)  
For all the broken hearts out there

One touch, one kiss  
In dreams, I wish  
One word would mean the world to me

What are we truly aiming for  
I cover my eyes just to ignore  
A colour deep inside of me  
This isn't who I wanna be

I sing now for all of you  
With no one to hold on to  
For all the broken hearts out there  
Waiting for someone to be near

Hold on (hold on)  
Hold on (hold on)  
For all the broken hearts out there

Hold on (hold on)  
Hold on (hold on)

I sing now for all of you  
With no one to hold on to  
For all the broken hearts out there  
Waiting for someone to be near

Hold on (hold on)  
Hold on (hold on)  
For all the broken hearts out there
