

# On Your Side

Neverstore

I would give it all away  
I'd burn my house down just to say  
I would give it all away  
For only one more day with you

Don't you know, I'm lost without you  
How could I be without you  
Nothing can come in between  
You make my life complete  
If I go, will you follow  
Without you I am hollow  
Every day away from you, feels like a lifetime

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side

Everyday I think about you, every night I dream about you  
You entitle all that's why  
I'm melting in your eyes  
Safe to say, I would never walk away  
Nothing matters, I do anything for you  
Just because I care

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side

(whisper) on your side

(whisper) on your side

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side

You make me breath, you make me feel  
You make me high  
And I'm always on your side, I'm always on your side
