

I Don't Care

New Boyz

Hello, hello, bad b-tch!
Hello, hello, bad b-tch!...
But I bet you can't take it like a...
Trying to get it in, get it in, get it in,
Will I let my... get in this... ?
... blowing, can't see my sh-t,...
You ever been to this space museum?
Well, my dick just like that telescope.
Uhu, damn, uhu, damn!
That p-ssy from my b-tch...
... catch me on that field sh-t!
She said she'll hear the tune because it's perfect,...

Bad b-tches...
... I don't care what they say,
I don't care what they say!
I don't care what they say!
I don't care what they say!
Everybody...
I say you'll be glad...
And when I'm done...

N-gger, f-ck your b-tch!
I think I'll make her call me...
B-tch I'm on my...
All my bottles they'll be...
I'll fresh up that f-cking...
And everything was sober,
Break, break, breaking that tree and... like it's October!
Wow! I walk in this b-tch with a grip in my hand
I tell her I'm me, she jizz in her pants
She's shaking her... around and around,...
I found 2000 she just found my dick,
So I guess we both just hit a lick!
I tell her welcome, welcome to the good life!
Heard you had a bad day, well, let's make it good night!
If they say we ain't big
We'll turn this to a Suge night,
Let's swim in alcohol and... our Cush fly.
I'm Mr. Big, b-tch! Yeah!

Bad b-tches...
... I don't care what they say,
I don't care what they say!
I don't care what they say!
I don't care what they say!
Everybody...
I say you'll be glad...
And when I'm done...

But why is your girl up on me like I'm John Doe,
Hanging out back stage, waiting for a photo of you...
... nice to meet you,
... handle your model features.
On a scale of 1 to 9,... use a dime,
Your man lost an eye, don't hesitate to make you mine,
... because I only got one night, so we're acting...

So I keep on going cause I can't get enough!
Little momma... so much pain...
So much rhyme until we talk...
I must say, I must say,...

Bad b-tches...
... I don't care what they say,
I don't care what they say!
I don't care what they say!
I don't care what they say!
Everybody...
I say you'll be glad...
And when I'm done...
