

# Competition

New Edition

I keep dreaming that one day the whole world  
Will be together, will be together as one  
And there's nothing I can do, but pray that  
It comes true, and keep on searchin' for  
That miracle, that some say will never be

Say now

Competition, is the world summarized  
In just one word, and you know what I mean  
Friends competing with friends, will it ever end  
I'm losing all of my patience  
I need a way out, and soon

Time and again we are fighting one another  
Hurting our sisters and hurting our brothers  
It's a shame, why do we play these games  
But there'll come a time when we all will be together  
Living as one in harmony forever  
You and I, we will light the sky

If we're ever gonna be as one  
We'd better make some changes and fast  
And this time make it last  
'Cause if we all just take the time  
I'm sure that we will find, all of us  
Shed blood of the same kind  
And that's the bottom line so

Time and again we are fighting one another  
Hurting our sisters and hurting our brothers  
It's a shame, why do we play these games  
But there'll come a time when we all will be together  
Living as one in harmony forever  
You and I, we will light the sky

Time and again we are fighting one another  
Hurting our sisters and hurting our brothers  
It's a shame, why do we play these games  
But there'll come a time when we all will be together  
Living as one in harmony forever  
You and I, we will light the sky

Time and again we are fighting one another  
Hurting our sisters and hurting our brothers  
It's a shame, why do we play these games  
But there'll come a time when we all will be together  
Living as one in harmony forever  
You and I, we will light the sky

Together, together, together, together  
Together, together, together, together
