

# Oh, Yeah, It Feels So Good

New Edition

Oh yeah, it feels so good  
This is for the hundred dollar billers  
For my butter pican ricans  
And my chocolate playboy bunnies  
Feels so good

Oh yeah, it feels so good  
To be back were we belong  
Oh yeah it feels so good  
This is where we started from

Everybody let's take a ride  
Everybody just come inside  
On a journey  
Let's go back in time  
I'll keep the feelin' right

Everybody it's time to play  
Come on everybody let yo' Discman sway  
Forget all the other sounds  
'Cause new edition is what's going down

Now the time has come  
To return as one  
And it's never been better  
And now, I never though this day would come  
And it feels so good to me  
To be back where we belong

Oh yeah, it feels so good  
To be back were we belong  
Oh yeah it feels so good  
This is where we started from

(This is where we started from)

Been too long it's time to get in the mood  
Something to make you move  
A lil' something that's in this groove  
It'll be alright  
Nobody's humpin' around tonight  
And baby your mama need not to get it  
'Cause N.E. is damn sho nuff comin' with it

Fancy cars 'n' everything  
Silk, slips and trips to Rio  
Playin' see-low with the gamblers  
Lear jets and different sets  
Placin' bets big Willie style  
I gots the frequent flyer miles  
I'm goin' places Atlantic City to Vegas  
Leaving no traces  
Sippin' bubblic with familiar faces  
Me and my crew, long overdue  
Jimmy and Terry  
With the N. to the E.  
The money making recipe

(2x):

Oh yeah, it feels so good  
To be back were we belong  
Oh yeah it feels so good  
This is where we started from

We're comin'  
We're comin' back from a long hiatus  
It's the greatest  
The latest craze  
To hit the stages  
Be amazin'  
Sold out nights  
Spotlights, and fights for tickets  
Dips with picket signs  
Standing in line  
For hours and days  
Gettin' weak  
Fiendin' for my peak  
Of that N. E. mystic  
Know what I mean  
As we play upon the scene  
Big money players  
Coming clean with the green

Now the time has come  
And we have just begun  
We're coming loud and clear  
N.E.'s back and in your ear  
Ain't nothing gonna stop us now  
We've gotta stay together some how  
We're back where we belong  
And it feels so...  
And it feels so good

(2x):

Oh yeah, it feels so good  
To be back were we belong  
Oh yeah it feels so good  
This is where we started from
