

# Shop Around

New Edition

I never move too fast girl  
When it comes to letting my feelings show  
I like to take my time out  
I like to do it slow  
'Cause a man's got to do  
Every woman he can  
'Cause it's in our nature  
Said it's in my nature  
First come first served is the way  
Some do it but not me  
I, shop around, shop, shop around  
First come first served is the way  
Some do it but not me  
I, shop around, shop, shop around  
I've got expectations what my  
Settle down should be,  
She got to be stacked head to toe  
She's gotta be down for me  
And I won't settle for nothing less  
But the cream of the crop  
Girl I gotta have the best  
Don't let, don't let, I won't let  
You sell that game  
'Cause I know what I want,  
And you know what you gotta bring  
You don't have to tell me,  
About the things that's going on  
I know how to pick and choose, win or lose  
I know a good thing when it's going on  
First come first served is the way  
Some do it but not me  
I, shop around, shop, shop around  
First come first served is the way  
Some do it but not me  
I, shop around, shop, shop around  
So what'cha gonna do  
Say ya wanna get down  
So what'cha gonna do  
Say ya wanna get down  
First come first served is the way  
Some do it but not me  
Shop around, shop shop around  
She gotta be stacked head to toe  
She gotta go for what she know  
Cause that's the kinda girl that I need  
She gotta be stacked head to toe  
She gotta go for what she know  
Cause that's the kinda girl that I need
