

3rd and Long

New Found Glory

Pick up the pieces that I've left behind
I woke up today feeling older
And never so much better
I know I talk in circles.
I never wanted to avoid your conversation.

You see yourself in my eyes.
Another day has passed us by.
The more time I spend,
The less I see of you.

I'll never take it back
Your voice is like an angel
Guiding over every move I make
I'll never want it back
The direction that you've gave me.
Nothing can replace what I've gained.

Time grabs me by the shoulders.
No one know how it feels to move over.
I know I'm still far from you
And it feels like I'm still far from home.

My name is a disappointment.
I only disappoint myself.
If only I could hold this moment
Kept away from everyone else.
