

# Failure's Not Flattering (What's Your Problem)

New Found Glory

Dont leave this rock unturned  
Cause you could like what you find  
A sure shot it  
With your name attached to it  
Will you keep me in mine

I wont cast the first stone  
Or leave the first mark  
But I will leave a lasting impression

You believe what you want  
And you say whats been said  
And I do hope you learn a lesson

Whats your problem  
Cant you see it  
And you go and blow it  
Like everyone knows you will

Dont look too hard  
For what you want  
Cause it could be on  
The tip of your tongue

Your holding back  
Like theres nothing left to it  
Could this be a false alarm

I wont cast the first stone  
Or leave the first mark  
But I will leave a lasting impression

You believe what you want  
And you say whats been said  
And i do hope you learn a lesson  
And i do hope you learn a lesson

Whats your problem  
Cant you see it  
And you go and blow it  
Like everyone knows you will

Why dont you get it together now  
Failure's not flattering  
When will you show yourself  
(when will you show yourself)  
And I do hope you learn a lesson  
You'll never learn your lesson...

Whats your problem  
Cant you see it  
And you go and blow it  
Like everyone knows you will (2x)
