

# Failure's Not Flattering

New Found Glory

What's your problem  
Can't you see it  
And you go and blow it  
Like everyone knows you will

Don't leave this rock unturned  
Cause you could like what you find  
A sure shot hit  
With your name attached to it  
Will you keep me in mind  
I won't cast the first stone  
Or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you said what's been said  
And I do hope you learn a lesson (do hope you learn a lesson)

What's your problem  
Can't you see it  
And you go and blow it  
Like everyone knows you will

Don't look too hard for what you want  
Cause it could be on the tip of your tongue  
You're holding back  
Like there's nothing left to it  
Could this be a false alarm  
I won't cast the first stone  
Or leave the first mark  
But I will leave a lasting impression  
You believe what you want  
And you said what's been said  
And i do hope you learn a lesson (do hope you learn a lesson)

What's your problem  
Can't you see it  
And you go and blow it  
Like everyone knows you will

Why don't you get it together now  
Failure's not flattering  
When will you show yourself  
When will you show yourself  
Ah, I do hope you learn a lesson  
You'll never learn your lesson

What's your problem  
Can't you see it  
And you go and blow it  
Like everyone knows you will

What's your problem  
Can't you see it  
And you go and blow it  
Like everyone knows you will
