New Found Glory

Don't believe a word,
A word they say.

It's more than a T-shirt,
It's more than a tattoo,
It's more than a phase.
This is how I was raised.

You keep trying to market this feeling.
I heard what you said,
And no were not the same,
No were not the same.

You'll never be a part (of what we have),
You'll never sing a song (that we love),
You'll never get respect,
And you cant fool us
Cause we know what you are.
Dont believe a word,
A word they fucking say!
