

## It's Been a Summer

New Found Glory

I'm cracked from my head down to my spine  
Ready to Self-Destruct at any time  
And I'm trying to convince myself  
That the way I feel is all I have  
It could take a lifetime  
To realize that you're alright

But she said  
"I'd know when you would come back"  
It's been a summer

It's burning up in here  
Even though the bed is cold on your side  
I'd rather die  
then spend this night here without you

I would try to fix these flaws of mine  
If I could just see you for one more time  
Ready to self-destruct at any time  
And I'm trying to convince myself  
That the way I feel is all I have  
I don't believe in sure things  
There's pain in what the truth brings

I'd be the first one to know  
If its smart for me to just let it go  
I'll be the laughing stock of all time  
Person most likely to find  
Deciding if it's fate that made you avoid me to this day
