

# Never Give Up

New Found Glory

Living with me  
I don't think it would be so bad  
This is the first time this year  
That I'm not going to make you mad  
I'm tired of my conscious  
Always telling me to stop sleeping in  
But I can't waste a second  
On dreams that will never begin

Everyone has a head upon their shoulders  
We're losing our pride as we all get older  
Everyone has to pick on their saviors  
You might not get it right  
Or you might realize that its too late

Don't back down  
I'm over the past  
Can't you see  
Don't back down  
I don't really care about before  
Before you met me

Is it cool if I see you tonight  
There's a thousand questions  
I want to ask you  
If you think that its alright

Everyone has a head upon their shoulders  
We're losing our pride as we all get older  
Everyone has to pick on their saviors  
You might not get it right  
Or you might realize that its too late

Don't back down  
I'm over the past  
Can't you see  
Don't back down  
I don't really care about before  
Before you met me

So don't take anything for granted  
Stand outside in the rain  
An excuse you know I planned it  
Every ending  
Ends up the same

Son't back down  
I'm over the past  
Can't you see  
Don't back down  
I don't really care about before  
Before you met me
