

# On My Mind

New Found Glory

Let's make a date out of the cinema  
Then stay out 'til early in the morning  
I always like it 'cause we take it slow  
While everyone around us seems so hurried

It feels familiar 'cause I've been here before  
When your words swept the ground  
Right from under me  
Remember when you were so insecure?  
Now you can't get your hands up off of me

But the time we spent was so short  
Can't believe it's time to go again

You're always on my mind all the time  
On my mind, believe it  
You're always on my mind all the time  
On my mind, believe it

Can we pick it up where you left off?  
When you said you'll never get over me  
I'll take for granted every roll off your tongue  
'Cause you're screaming out all your honesty

But the time we spent was so short  
Can't believe it's time to go again

You're always on my mind all the time  
On my mind, believe it  
You're always on my mind all the time  
'Cos there's nothing I'd rather think about  
Believe it, believe it

You know it's time, you see the bags at the door  
I'm minutes away from departing  
In exchange for a few last words  
Will never be enough for me

You're always on my mind all the time  
On my mind, believe it  
'Cos there's nothing I'd rather think about  
Believe it, believe it  
You're always on my mind, on my mind, believe it

But the time we spent was so short  
Can't believe it's time to go again

You're always on my mind all the time  
On my mind, believe it  
You're always on my mind all the time  
On my mind, believe it
