Party on Apocalypse

New Found Glory

Living for the weekend state of mind makes me sick
Just thinking of the bad habits
People passing out in parking lots
That you only live once way of thinking
It's so twisted are you living or just wasted
An escape cause you can't face it

If a psycho said this is the end
I think I'd believe him

Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back up
Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back up
Back up

This self-centered generation taking pictures
Of themselves then changing features
Pleasing over critical creatures
Everyone's got a cause but how strong is the foundation
Moving like the waves of the ocean
Do you care or just throw stones in?

If a billboard read this as the end
I think I'd believe it

Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back up
Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back up
Back up

I heard there's a hot new craze of driving off a steep cliff
Are you gonna do it? What will they say if you won't?
I hear there's a brand new trend where you swallow bags of thumbtacks
Are you gonna do it? What will they say if you don't?

Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back
Now the whole world is full of it
Building a bunker and jumping in
After everyone self destructs
Pop the hatch and we'll climb back
Back up

(It's the end of the world as we know it)
I'm building a bunker and jumping in

```
(It's the end of the world as we know it)
Are you gonna do it? What will I say if you won't?
(It's the end of the world as we know it)
I'm building a bunker and jumping in
(It's the end of the world as we know it)
Are you gonna do it? What will I say if you don't?
```

(It's the end of the world as we know it)
Are you gonna do it? What will I say if you won't?
(It's the end of the world as we know it)
I'm building a bunker and jumping in
(It's the end of the world as we know it)
Are you gonna do it? What will I say if you don't?
